Privatizing Hydro One:

Another wrong choice.

WHEREAS:

- Once you privatize Hydro, there's no return; and
- We'll lose billions in reliable annual revenues for schools and hospitals; and
- We'll lose our biggest economic asset and control over our energy future; and
- We'll pay higher and higher Hydro bills just like what's happened elsewhere.

WE THE UNDERSIGNED

petition the Legislative Assembly of Ontario as follows:

- To stop the sale of Hydro One and make sure Ontario families benefit from owning Hydro One now and for generations to come.
